

DAILY DEMOCRAT FORUM

(Successor to the Maryville Republican)

VOLUME 2.

MARYVILLE, MISSOURI, FRIDAY, JAN. 26, 1912.

NO. 203.

DATE WAS CHANGED

COUNTY COMMITTEE MEETING
CALLED FOR MONDAY.

STATE CHAIRMAN HERE

J. B. Shannon and Ex-Gov. Dockery
Will Meet With Local Democrats
for Conference.

The county committee will meet in Maryville on Monday, or the same day Joseph B. Shannon of Kansas City, chairman of the state Democratic committee and Ex-Governor A. M. Dockery will be here for a conference meeting with the Democrats of the county. Chairman Arthur Robey had called a meeting of the committee for Saturday, but announced Friday that he changed the date for Monday so the county organization would be here for the conference meeting.

The purpose of Shannon and Dockery coming at this time is to arouse interest in the coming state campaign and to discuss organization work. Funds will also be raised with which to carry on the next state campaign. This is the first political meeting this year of the Democrats, and it is hoped that a number of them over the county will attend.

Mr. Shannon and Mr. Dockery will be guests at a dinner Monday noon to be given at the Linville hotel by the county committee. The meeting in the court house will begin at 1 o'clock, and Shannon and Dockery will make speeches.

Monday plans will be arranged for the purpose of selecting delegates to the state convention at Joplin on February 20, when delegates will be selected to the national convention to be held at Baltimore. It is thought that a majority of the committee are in favor of holding a county-wide primary.

The Clark men in Maryville are strongly in favor of a primary and think that Folk's and Clark's names should be on the ballot instead of having all of the presidential candidates. The Folk men here have been in favor of a county-wide primary from the start.

CLUB WILL BANQUET

A GREAT SPREAD FOR COMMERCIAL CLUB IN FEBRUARY.

WILL TALK ON BANKING

Geo. A. Mahan and J. N. Fining Are
for Sound Banking System and
Will Expound Their Views.

Plans for the Commercial club banquet to be held on the evening of Tuesday, February 13, have been arranged by the committee, composed of Nic Sturm, F. G. Shoemaker and Charles McNeal. The affair will be held in the Elks club house, and speeches will be delivered in the lodge room, while the dinner will be given in the basement of the club. The speaking will commence at 8 o'clock, and dinner at 10 o'clock.

Speeches are to be given by George A. Mahan of Hannibal and J. N. Fining of St. Louis, president and secretary respectively of the State National Citizens' league, who will talk for the promotion of a sound banking system; R. T. Forbes, president of the Commercial club of St. Joseph, and by Prof. C. B. Hutchison and Prof. E. A. Trowbridge of the state agricultural college at Columbia. Several others from St. Joseph will also attend the affair.

The affair promises to be one of the best yet given by the Commercial club, and every member should attend.

Health of Community Good.

Maryville physicians are complaining that Maryville and surrounding country is suffering from an unusually fine degree of health for this season of the year. Our older physicians say that the general health has not been so good in twenty-five years. The attendance on our schools has not been affected by the extreme cold weather, even, and the threatened lack of coal at the State Normal did not affect the attendance there, and there has not been a case of sickness. Some of the classes on the coldest days had an attendance of sixty-five, with only one absent the coldest day.

Talked on Phrenology.

Prof. J. A. Lesh gave a very interesting talk at the Normal chapel Friday morning on the subject of phrenology.

Although Prof. Lesh made no personal examination of the heads of any of those present, he pointed out to them the location of the bumps on the back of the head that would signify whether or not one had the qualifications of a teacher.

Prof. Lesh made no assertions as to the truth of phrenology, but his reasoning was quite plausible, and his different illustrations were a source of amusement to the students and faculty.

Returning From Oklahoma.

Mrs. Lavencour Michau went to St. Joseph Friday morning to spend the day with Mrs. Eugene Michau. She expects to be accompanied home Friday night by Mr. and Mrs. Ferdinand Townsend, who are on their way home from their three weeks' trip to Oklahoma points.

Attended Funeral Services.

Mr. Paul Ream of Kansas City and Mr. Miles G. Saunders of Pueblo, Col., who came to Maryville Wednesday to attend the funeral services of their mother-in-law, Mrs. Joseph Jackson, Sr., left for their homes Thursday evening.

Mrs. Harry Culbertson of Arkoe, who has been visiting her sister, Miss Hattie Patterson of the Pickering schools, and with Mrs. J. R. Heryford, came to Maryville Thursday evening to visit Mr. and Mrs. Nicholas Y. of South Davis street.

AN OUTLINE OF WORK

PROF. TROWBRIDGE TELLS OF
THE BRANCH SHORT COURSE.

DIVIDED IN TWO PARTS

Lectures and Demonstrations Com-
prise Program—Farmers Asked to
Supply Stock for Judging.

An outline of the work in animal husbandry for the branch short course at Maryville during the week of February 12 to 16 was given by Prof. E. A. Trowbridge of the animal husbandry department of the state agricultural college at Columbia.

The course will consist partly of lectures and partly of demonstrations. It is the object of the demonstration work in animal husbandry to acquaint the students with the points of excellence of the various breeds and market qualifications and classes of animals. The extent to which it may be done is dependent upon the live stock available.

Prof. Trowbridge says: "Animals to be of service in demonstration work must be well broken to handle in case of cattle and horses and accustomed to being handled in case of sheep and hogs. It is necessary that they be in good condition as regards flesh and health."

"It is desirable to devote one day to each class of live stock, namely cattle, horses, sheep and swine, unless other arrangements are made. The animals for each day's work should consist of four or five animals of same class, breed, age, sex, condition and as uniform in every respect as possible."

"I would suggest that farmers interested take up the matter of supplying live stock, through the management of the course."

An outline of the work of this department as given by Prof. Trowbridge, who will be one of the lecturers at the course in Maryville follows:

First Day.

Lecture—Feeding Live Stock. This lecture will deal with the composition of foodstuffs, the requirements of animals and the fundamental value of live stock farming operations and the possibility of economy in feeding.

Demonstration—A study of rations and the requirements of animals, a study of the methods of estimating kinds and amounts of foodstuffs for profitable feeding operations.

Second Day.

Lecture—Silage and Live Stock Feeding. This lecture will deal with the use of silage as a farm feed in connection with other feeds for the maintenance, growth, meat production, milk production and labor of farm animals.

Demonstration—Judging Beef Cattle. A study of the form of market requirements of beef cattle, of the requirements of the feeder and type that suits the market best.

Third Day.

Lecture—Forage Crops for Swine. A study of the relative value of various Missouri grown forage crops, such as clover, alfalfa, rape, blue grass, etc., when fed in connection with corn for the economical production of work.

Demonstration—Judging Swine. A study of the type of hog which is profitable to the packer, feeder and breeder.

Fourth Day.

Lecture—Care of Horses and Mules. A study of experimental data on hand regarding the relative value of corn and oats and other common feeds in the feeding of horses and mules.

Demonstration—Judging Horses. A study of the differences in type between the draft horse and the light horse of the highest type obtainable in each class and of the inherent weaknesses of each type.

Fifth Day.

Lecture—Live Stock Improvement. A study of the most economical and most rapid improvement of our farm live stock with a view to make it more profitable.

Demonstration—Cattle Judging. Note—If dairy cattle judging is chosen for this day's program, the discussion will be that of the form and quality most usually associated with efficient milk production.

Preaches at Albany.

Rev. A. M. Reynolds, who came to Maryville Wednesday to conduct the funeral services of the late Mrs. Joseph Jackson, Sr., went to Albany Thursday, where he is pastor of the Presbyterian church. His family continues to reside on their country place out of St. Joseph, while his pastorate at Albany occupies nearly all his time. He was the guest of Mr. and Mrs. S. G. Gillam while in the city.

Mr. and Mrs. William Mann returned Thursday from St. Joseph. Mrs. Mann had been visiting relatives at St. Joseph and Osborne for a month. Mr. Mann went a few days ago to accompany her home.

News of Society and Womens' Clubs

The Orchestra Will Play.

The Maryville Orchestra will play several numbers at the M. E. church, South, Sunday night, when the Woman's Foreign Missionary society will hold its open session. A fine program is being arranged.

Will Attend Birthday Party.

Mrs. S. A. Ditto and her nephew, Master Arthur Blatt of Pickering, who is visiting her, went to Hopkins Friday noon to visit Mrs. Ditto's aunt, Mrs. Joseph Galey, and to attend a birthday party that will be given Saturday for Mrs. Galey.

Kansas City Dinner Guest.

Harry Awalt of Creston, traveling salesman for a lumber firm, was in Maryville Friday for a few minutes, looking as happy as a clam at high tide. He spent Thursday in Kansas City at the lumbermen's convention and was the dinner guest of Mrs. Allie Woolley and daughter, Miss Marie Woolley.

W. O. W. Banquet.

The annual banquet given by the Woodmen of the World Thursday night was very successful. There were fully 200 banqueters present and music and games were the amusements. A handsome cake was voted to the most popular lady present. Mrs. Roy Martin and Miss Emma LaVelle tied for that honor and settled the matter by cutting the cake in two.

Entertained at High Five.

Mr. and Mrs. W. L. Scott of South Depot street entertained informally at high five Wednesday night for their daughter, Mrs. Anna Vance, who left Thursday evening for St. Louis, after a several weeks' visit with them. Miss Kate Merriam won the lady's prize and Mr. Floyd Miller the gentleman's prize. Mrs. Vance will be employed by the Gales-Stroh millinery house of St. Louis the coming season.

Card and Domino Party at Elks.

One of the most successful parties yet given at the Elks club was the one given Thursday evening to the members and their lady friends. Six-hand euchre and dominoes were played. Mrs. Lawler won the lady's prize, cards and Eldon Irvin the gentleman's prize. At dominoes Mrs. M. J. Honnold won the lady's prize and Lawrence Schumacher the gentleman's prize. Supper was served in the basement after the games, and after supper dancing was enjoyed. Glenn Goff furnishing the music for the occasion. There were 130 present at the party. The committee in charge of the affair were Conrad Yehle, Earl Barmann and Dr. E. C. Branigan.

Her Speech Poetic.

Things go awry in the social column, you have no doubt noticed, as they do in other places. When the Shakespearean's presented flowers to Mrs. G. B. Holmes the other day because it was her birthday anniversary, the words of the speaker, Mrs. Anderson Craig, came forth in the following rhythmic flow (which were unintentionally omitted):

There is a saying, tried and true,
I've heard it often, haven't you?
'Tis quoted more than any other:
What is home without a mother?
So in our little circle here,
While not forgetting, never fear—
Still we all say, tho' far she roams,
We mothers miss as much the Holmes.
How many mothers, kind and good,
To make their rulings understood,
While patient, lovely, meek and mild,
Have used a rod to train a child.
So tho' our Holmes be far from poor;
Tho' want has never crossed the door,
Still when rich gleanings she would drub

Into our brains, she gets the "club."
And with its aid we all learn much
Of Holy Grail, the kings and such.
Now dearest friends, there's one friend here,

The one you know we all hold dear.
Full half a century has passed away—
We celebrate the time today—
Since a wee darling came to bless,
And bring a home this happiness,
We're glad she came, and stayed there,
Too,

Until to womanhood she grew,
Then left with love and joyousness
And went, some other Holmes to bless
Well, well; she's reached the summit now.

And to the inevitable must bow.
As down the great incline she speeds,
Her path all marked by gracious deeds
Till, when her Master bids her rest,
Many will rise and call her blest.
Yet to the closing of her day
May flowers like these bestrew her way,

So by this club this toast is given
We drink to Mothers, Holmes and Heaven.

MONDAY "CARNATION" DAY.

January 29 Anniversary of President McKinley's Birth.

Next Monday, January 29, is carnation day, so designated because it is the anniversary of the birth of President William McKinley, and the carnation was his favorite flower. A carnation displayed on Sunday's muff or on the lapel of a man's coat will indicate a thought of the service of the martyred president to the country.

During his life in Washington Mr. McKinley was almost invariably seen with a carnation, usually white, on the lapel of his coat. So great was his admiration for the flower that after his death congress set aside the day and expressed the wish that it be observed in this way.

BRYAN AS MEDIATOR

FAILED TO BRING THE WARRING
FORCES TOGETHER.

FOR DIVIDED DELEGATION

Clark Leaders Rejected Proposal of
Mr. Bryan That Number of Dele-
gates to Convention Be Divided.

William Jennings Bryan failed yesterday as a mediator to settle the Clark-Folk row in Missouri. The Nebraska was in St. Louis conferring with representatives of the warring Democratic factions in an effort to restore harmony.

He proposed that both sides agree to a suggestion that had been made by a Clark supporter that Clark and Folk split the Missouri delegation to the national convention with the agreement that the one who showed the least strength on the first ballot there would withdraw. The Clark leaders absolutely refused to agree to that, saying they had no authority from the people to make such a deal.

Bryan first conferred at union station with former Gov. Joseph W. Folk, former Congressman W. D. Vandiver, Folk faction candidate for governor, and Nelson W. McLeod, a Folk supporter. Later he conferred with former Judge Virgil Rule and John C. Roberts, supporters of Clark.

A statement issued tonight from the Clark headquarters emphatically declares the Clark forces will not consent to a division of the state delegation.

Lon Sanders, Folk's campaign manager, said tonight: "I know nothing about the Clark statement, but I do know that from reports we have from out in the state we have this fight won."

That Bryan should take such deep interest in the attempt to harmonize Missouri Democracy caused considerable comment. Some profess to see a Wilson significance to his visit. It is pointed out that Edward F. Galtro, multi-millionaire and close friend of Bryan and Woodrow Wilson, recently elected national committeeman for Missouri by the anti-Folk faction, is suspected of his fealty to the Clark faction, which is grooming ex-Governor Dockery for election as national committeeman to succeed Goltra at the state convention.

W. B. Needham, who claims his home at Bethany, Mo., was arrested Friday morning and brought to the county jail by Sheriff Tilson on a charge of disturbing the peace. The prosecuting witness is O. T. Winters, who lives near Ravenwood.

According to Mr. Winters' story, Needham gained entrance to his home about 4 o'clock Friday morning and awoke the members of the household. NO THIRD TERM.

On the night of his election to the presidency, in November, 1904, Mr. Roosevelt made this public statement voluntarily:

On the 4th of March next I shall have served three and a half years, and this three and a half years constitute my first term. The wise custom which limits the president to two terms regards the substance and not the form, and under no circumstances will I be a candidate for or accept another nomination.

On the 11th of December, 1907, Mr. Roosevelt, wishing then to nominate and elect Mr. Taft in 1908, republished the above and added these words: "I have not changed and shall not change that decision thus announced."

Today we find in many states of the Union the most intimate friends of the ex-president openly advocating a third term, and in Missouri a weak, vain and ambitious governor is perhaps the most eager of the lot in applauding the first step toward Caesarism. He hopes to sit near the throne.

In spite of what Mr. Roosevelt said twice in sober moments, the best that can be had from him now is this: "I am not a candidate for the presidency and never have been, but if there is a need for me to serve my country that is a duty I could not evade."

Here we have the necessary man, this indispensable man, willing to sacrifice himself to save his country! That is the note that despotism has sounded ever since the dawn of civilization.

We do not marvel much at Mr. Roosevelt's attitude. He is the colossal egotist of the age, and it takes an egotist to subvert a republic or to establish a one-man government. We are not greatly surprised either at the position assumed by Governor Hadley. He is pliable and ambitious and he is not too scrupulous. Caesar had many such friends.

What excites our wonder is that considerable numbers of Americans in their enthusiasm for a man forget honor and faith, precedent and policy, the teachings of experience and the lessons of history.

We do not for an instant believe that there will ever be a third-term president. If a political party is ever so abandoned as to commit itself to such a program we have full confidence that the people will put it where it belongs.

But it is a shame none the less to this American people that for any reason or for any excuse a man once president of the United States can be persuaded against his word and his better judgment that his services are "necessary" and that in the train of his flatterers and followers should appear the governor of Missouri—St. Louis Republic.

Mr. Charles Smith and son of Holsington, Kan., who have been visiting her parents, Mr. and Mrs. J. C. Chestnut, living northeast of Maryville, and her sisters in Maryville, Mrs. Zetta Broyles and Mrs. Ted Campbell, left for their home Thursday morning.

Mr. and Mrs. Roy Curfman and Mr. Curfman's mother, Mrs. John Curfman, returned Friday noon from Kansas City, where Mr. Curfman attended the lumbermen's convention.

FOR THE ELEVATOR FUND.

Mrs. M. J. Alderman is Meeting With Fine Success Selling Chances on Centerpiece.

Two hundred and fifty chances, at 10 cents each, have been sold by Mrs. M. J. Alderman on a handsomely embroidered centerpiece, edged with exquisite lace, for the benefit of the St. Francis hospital elevator fund. The centerpiece is valued at \$35, and that is certainly a low valuation. Everyone she has asked to take a chance has responded, not because they wanted the centerpiece, but because they wanted to help the elevator fund.

The centerpiece will be given away at the Empire theater some night before long, and the net proceeds of the evening will be given by the manager, Mrs. Albert Kuchs, to the elevator fund. This should draw a large crowd.

VERIFY IT.

The Proof is in Maryville, Almost at Your Door.

The public statement of a Maryville citizen is in itself strong proof for Maryville people, but confirmation strengthens the evidence.

Here is a Maryville citizen who testified years ago that Doan's Kidney Pills relieved sick kidneys and now states the cure was permanent. Can any sufferer from kidney ills ask better proof? You can investigate. The case is right at home.

Mrs. Mary Wood, 722 East Jenkins street, Maryville, Mo., says: "The public statements given by a member of our family on several occasions in favor of Doan's Kidney Pills was correct in every respect. We have Doan's Kidney Pills on hand all the time and use them whenever we find it necessary. We procured Doan's Kidney Pills at Perry's drug store (now Love's drug store), and they brought great relief from kidney complaint."

Women of Norway Puzzle on Author.

After Japan, Norway is the paradise of children, declares H. B. Daniels in his book, "Home Life in Norway." And he continues, the children are worthy of the happy liberty given them, especially the little girls. It follows that Mr. Daniels admires the Norwegian woman intensely, though he cannot figure out how she can be so intensely interested in matters domestic and so feminine and yet be the first woman to vote in Europe, and the first to sit in parliament—antithesis, which is no antithesis, by the way, to the average woman suffragist, but a natural sequence. "She is irritatingly feminine, aggressively womanly, and self-abnegatory to a degree," he says. "She will admit with full-eyed candor that for her the trans toward motherhood and the home is of the very essence of her being; yet falling the attainment of those ends, she will make the best use of her many accomplishments. Of nature she is venturesome and courageous to an unusual extent. To her the true Viking spirit would seem to have been transmitted in all its pristine virility. In the list of to-be-gone casualties her name appears oftener than that of her less risk-taking brother. On ski she will accompany and equal him in pluck and endurance. She can maneuver a sail boat like a pilot, swim like her native eider duck, roam her rugged uplands; and withal she will remain to you of womanly women the very woman."

And, in addition, she can discuss the merits of Tolstoy, Dickens and Ibsen, or the ethics of citizenship, or even the classification of polygons, not to mention her well bred ease of manner that fits her for any social level.

The author ascribes her merits in part to her education and her assured position in her own world, to her camaraderie with the other sex from childhood onward. He refers to America in this connection, hastening to make room for the assertion that his Norwegian divinity is far less exacting than the American girl.

MENINGITIS HAS REACHED MEXICO

Epidemic Breaks Out Along Oklahoma-Kansas Line Also.

APPEARS IN TWO NEW COUNTIES

Oklahoma Trouble Not Due to Infection From Texas—Mexico Prohibits Entry of Travelers from the North.

Oklahoma City, Jan. 26.—The scene of the meningitis epidemic seems to have taken a jump of more than 100 miles, as no new cases were reported to the state health department from southern Oklahoma, while three new cases are reported from Pawnee county. The disease seems to have been stamped out in the southern counties, most of which border on Texas. Thirteen cases in all, however, have developed in Osage and Pawnee counties, the former county bordering on the Kansas line.

Of the three new cases reported from Pawnee county, two are at Teriton on the Frisco and one at Cleveland. All of the other cases that have been reported occurred at Sutters Bend along the Arkansas river, and most of the victims were living in tents under very unsanitary conditions.

The opinion of Dr. J. C. Mahr, state commissioner of health, that cases of Oklahoma were not due to infection from Texas, seems to be borne out by the appearance of the disease in rural districts of Pawnee and Osage counties.

Crumbine Permits Burial.

Atchison, Kan., Jan. 26.—Mayor Hart of Muscotah and several citizens of that town appealed to County Attorney Moxey to prevent the burial there of the body of Edmund Hastings, the boy who died of spinal meningitis here. The county attorney took the matter up with Dr. Crumline of the state board of health, who permitted the body to be shipped there for burial, but advised holding the parents in quarantine a few days longer. They had intended accompanying the body.

Alarms Mexico.

Mexico City, Jan. 26.—In view of the development of several cases of meningitis in local hospitals, Mexican authorities, on recommendation of the board of health, prohibited the entry of travelers from the north except through the larger ports, Nogales, El Paso, Piedras Negras, Laredo and Matamoros. At these points examinations of persons seeking to cross the border will be thorough.

The committee has announced that it has found the criminal procedure of Kansas free from technical faults and delays which have been attributed to the criminal procedure of this country. Owing to the importance of the report of the committee it was made a special order of business for the coming meeting in Topeka.

New York, Jan. 26.—The directors of the Chicago, Milwaukee & St. Paul railroad declared a semi-annual dividend of 2½ per cent, placing the stock on a 5 per cent basis. Since 1902 the company has paid a dividend of 7 per cent per annum.

The company earned barely enough to pay the 7 per cent dividend in the year ending June 30, 1911, and since then its revenues have been over \$1,000,000 short of those for the same time of the previous year.

The capital stock is \$232,000,000.

Lunch on ground.

W. O. AC

SECRETARY KNOX HAS EXPLAINED

After Defying House Committee, Tells
of \$20,000 Fund.

WENT FOR WINE AND FLOWERS

Says Mistake Was Made in Recording
Expenditures as Part of Secret
Fund—Vouchers Cover En-
tire Amount.

Washington, Jan. 26.—One gorgeous dinner at \$10 per cover for the elite; a fifty-cent luncheon for ordinary members of the legislature; cocktails, wines, traveling expenses and a bouquet of lilies of the valley for the wife of the postmaster general of Canada, accounted for every penny of the mysterious \$20,000 fund appropriated in 1909 for government participation in the now famous celebration at Lake Champlain.

After defiant protests for nearly a week, Secretary Knox, under subpoena, appeared before the House committee on expenditures for the State department and laid bare vouchers covering the entire expenditure. Also he announced that a mistake had been made when these expenditures had been recorded as part of a secret fund. This was done, he said, under the direction of Assistant Secretaries Adee and Hale and he promised voluntarily that at least during his administration it never should occur again.

Dinner cost \$9,444.68. A dinner for 360 guests was given at the Hotel Champlain July 13, 1909. President Taft was there traveling on his own funds. But the commissioners wanted Senator Root so badly that they paid his fare and Pullman charges of \$23.80 from Washington. Ambassador Bryce paid his own fare, \$4.20, but was subsequently reimbursed. Altogether the hotel accommodations and dinner cost \$9,444.68, or nearly half the government appropriation.

Scattered through the list of vouchers explaining the expenditure of the remaining \$10,000, are many items of cocktails, wines, luncheons, dinners, traveling expenses and freight charges to and from Lake Champlain.

It does not appear that any lady other than the wife of the postmaster general of Canada was honored by the receipt of a bouquet.

Loose Practices. Governor Proctor of Vermont, in approving the expenditures, appends a foot note in which he explains that he thought it best to let the New York commission take charge of the fund. The New York commission included several senators, and when they had completed the last expenditures, not a penny of the \$20,000 remained. "Loose practices have existed at times in conducting the secret or emergency fund," admitted Secretary Knox. "Your investigation directed my attention to the abuse. I think a few expenditures should not be made public. Some, of course, must not be."

DISCUSS CHILD LABOR PROBLEM

Delegates From All Over U. S. At-
tend Eighth Annual Conference
at Louisville.

Louisville, Ky., Jan. 25.—Delegates from the child labor committees of almost every state in the Union are here attending the eighth annual conference on child labor, which opened last evening under the auspices of the National Child Labor committee. Morning, afternoon and evening sessions will be held today and tomorrow, and the conference will come to a close Sunday afternoon with a monster mass meeting, which will be presided over by ex-Governor Willson of Kentucky. The subject for discussion at this meeting will be "The American Child Exploitation vs. Education," and on the program are Senator William E. Borah of Idaho, John Mitchell, former president of the United Mine Workers of America, Dr. E. T. Devine of New York, and P. P. Claxton, U. S. commissioner of education.

Will Debate Commission Form.

Ottawa, Kan., Jan. 26.—Four Kansas colleges will debate in the next few months on the merits of the commission form of government. Ottawa University, College of Emporia, Friends College of Wichita and Southwestern College of Winfield are the colleges. The first contest will be held at Wichita between Southwestern and Friends on March 22, the second at Emporia in April between Emporia and Friends, the last at Ottawa in May between Ottawa and Emporia.

Claims Missouri Estate.

Fulton, Mo., Jan. 26.—Mrs. Winnie A. King of Marble City, Okla., is the latest claimant of the estate of Hugh Smith, valued at \$10,000. Mrs. King claims she is a daughter of Smith, although during his long residence in Callaway county he was regarded as a bachelor. She says the family formerly lived in St. Louis county, and that her mother died there in 1855. Mrs. Smith says she is the only living child and relative.

Mrs. J. C. Edgerton and daughter, Miss Artilla, returned to their home in Clarinda Thursday, after a visit with her daughter, Miss Catherine Edgerton, at the home of Mr. and Mrs. Ben Reichert, near Maryville.

Mrs. H. A. Hengger of Clyde, who has been visiting her daughter, Mrs. Edward Hengger, living south of Maryville, returned to her home at Clyde Thursday morning.

LIKE ANOTHER KIMMEL CASE

MISSOURI COURT TO HEAR
STORY OF MYSTERY.

Creditor Will Try to Collect Insur-
ance on Life of Man Gone
Seven Years.

Paris, Mo., Jan. 26.—On January 14, 1905, J. H. Reynolds, a young attorney of Paris, left here for Jefferson City to argue a case before the supreme court and was never heard from afterwards except through unreliable sources.

An investigation showed him to be a defaulter and forger to the amount of \$2,500 and he was indicted. All efforts to find him failed.

Among the creditors was P. G. Marr of Paris, from whom he borrowed \$250, giving as security a Phoenix Mutual Life insurance policy for \$2,000.

The statutes provide that an absence from home for seven years shall constitute proof of death in such cases, and that the policy must be paid unless the policy holder is produced in court. Preliminary steps have just been taken in probate court here to collect the amount of the policy and bring the matter to a test.

The hearing will be before Judge Barnes on March 14 and the remainder of the policy after the debt of \$250 and interest has been paid will go to Reynolds' wife and two children.

Upon the insurance company will rest the burden of proving that Reynolds is alive.

MONEY FOR MANHATTAN COLLEGE

Gift of \$20,000 Makes New Dormitory
for Agricultural School a
Possibility.

Manhattan, Kan., Jan. 26.—Twenty thousand dollars has come to the agricultural college from an unexpected source. President Waters was notified by the Old Colony Trust company of Boston that that amount had been willed the college by Mrs. Mehlman C. C. Wilson.

The money is meant for a building to be erected under the direction of the regents, to be known as Wilson Hall, or may be added to the present endowment fund of the college, as the regents may desire.

It is more than likely that a dormitory for girls will be suggested by the regents, although the will makes it possible to use the money for any building called Wilson Hall. It might, for instance, be used for a thoroughly modern restaurant, which is already being planned for student use.

Mrs. Wilson died only recently. She was the widow of Davies Wilson, an owner of much of the original site of Manhattan. The family lived in this city many years ago.

Liquor Agents for Billard.

Jola, Kan., Jan. 26.—Resubmissionists in this county will make a fight for J. B. Billard, mayor of Topeka, for the Democratic nomination for governor. They say the nominees must pledge themselves to vote for resubmission in the legislature or a wet candidate will be placed in the field independent of either party.

Safe Blowers' Home Destroyed.

Coffeyville, Kan., Jan. 26.—A gas explosion in a four-room brick house in South Coffeyville destroyed the building. It is supposed there was a leak in the gas pipe. The house was formerly a rendezvous for a gang of safe blowers.

Russian Prison for a German.

Berlin, Jan. 26.—Dispatches from Warsaw say Capt. Werner von Stuenkel was sentenced there to three years' hard labor on a charge of espionage. He is a captain on the German general staff and a former lieutenant of the guards in Berlin.

In Memory of John Bunyan.

London, Jan. 26.—A memorial window for John Bunyan has just been unveiled in Westminster Abbey, 224 years after his death. The window illustrates scenes from "Pilgrim's Progress."

FIRST APPLICATION DARKENS THE HAIR

A Simple Remedy Gives Color, Strength and Beauty to the Hair.

You don't have to have gray hair or faded hair if you don't want to. Why look old or unattractive? If your hair is gray or faded, you can change it easily, quickly and effectively by using Wyeth's Sage and Sulphur Hair Remedy. Apply a little tonight, and in the morning you will be agreeably surprised at the results from a single application. The gray hairs will be less conspicuous, and after a few more applications will be restored to natural color.

Wyeth's Sage and Sulphur also quickly removes dandruff, leaves the scalp clean and healthy, and promotes the growth of the hair. It is a clean wholesome dressing which may be used at any time with perfect safety.

Put a tiny coin bottle from your drug store and see how quickly it will remove the gray and faded hair, and how it will give your hair a rich, healthy color and beauty of texture. It will remove the dandruff and the itchy scalp, and leave the hair soft and shiny. All you need do is rub a little of the dressing on the scalp and hair. All you need do is rub a little of the dressing on the scalp and hair. All you need do is rub a little of the dressing on the scalp and hair.

A LIFE SENTENCE FOR BEN CRAVENS

Claim That He Was Charles Maust Fails to Save Him.

A CRIMINAL FOR TWENTY YEARS

Last of Oklahoma's Frontier Days Outlaws Will Die in Prison—Is 50 Years Old, But Still Dangerous.

Guthrie, Okla., Jan. 26.—Charles Maust, the former Missouri state convict, is Ben Cravens, the former Oklahoma outlaw, and he is guilty of the murder of Alvin Bateman at Red Rock, Ok., March 18, 1901. That is the verdict of the jury to which the case was given at noon. The penalty is life imprisonment at hard labor. He probably will be sent to Leavenworth, where his partner, Bert Welty, is serving a life sentence.

The last of the Oklahoma outlaws will be arraigned Monday morning at 9 o'clock for sentence.

The Prosecutor Collapsed. The United States attorney, John Embury, went home to bed immediately after the case went to the jury at noon. Embury, unknown to all except his closest friends, had been ill for several days and collapsed after the trial. He spoke at the trial for two hours.

Cravens escaped from the Lansing, Kan., penitentiary November 15, 1900. He was serving a 20 year sentence for highway robbery, committed at Elgin, Kan. In January of 1901 he visited the Welty farm in Kingfisher county and induced Bert Welty, whom he had known in the Lansing prison, to join him. At Red Rock they robbed an Indian trading place in the Otter country and killed the manager, Bateman, who also was assistant postmaster.

In the fight Cravens mistook Welty for a pursuer and shot him, leaving him to die on the prairie. Welty crawled fifteen miles to the home of a friend, where he was captured the next day. Cravens, in escaping, killed a deputy marshal, Tom Johnson, of Pawnee county. Numerous attempts have been made since to capture Cravens, but all failed until early last year.

Detected Through a Barber. A barber in the Missouri penitentiary informed an officer that a convict called Charles Maust was known in the Kansas prison as Ben Cravens and that he had shaved him there. That led to an investigation. Maust was identified as Cravens and was brought to the federal jail here to stand trial for the Red Rock murder.

He declared he was not Cravens and on that ground only fought the case. He has been a desperate man for twenty years. He escaped from the county jail at Topeka and the Potawatomi county jail at Tecumseh, Ok. When arrested at Maust he attempted a jail break at Mound City, Mo. He is 50 years old.

CONNAUGHT BECOMES ENGINEER Duke Rides in Cab and Handles Throttle of Locomotive on Special Train.

New York, Jan. 26.—The Duke of Connaught, uncle of King George of England, rode in the cab of an electric locomotive the first eleven miles of his trip to Washington. He was on his way to be presented to President Taft.

The duke abandoned his private car Signet for the cab just before the train started and rode beside the engineer under the Hudson and across the New Jersey meadows to Manhattan Transfer, eleven miles out. There a steam locomotive replaced the electric engine and the duke re-entered his private car.

Wreck News Held Out. Washington, Jan. 26.—Charges that the postmaster general and other postal officials suppress facts and misinform Congress as to the safety of the lives of clerks in the railway mail service were made before the House committee on postoffices by Urban A. Walter of Denver, formerly a railway mail clerk and editor of a postal journal.

Miners Adopt Recall. Indianapolis, Ind., Jan. 26.—Recall of officials of the United Mine Workers of America is provided in a constitutional amendment just adopted by the miners' convention. Ten per cent of the membership may initiate a recall and on petition of 30 per cent an election shall be held. Attempts by the some of the leaders to reduce the percentage failed.

Meningitis Fatal at Muskogee. Muskogee, Ok., Jan. 26.—Hugh Brewer died here and a post mortem examination showed spinal meningitis, the first case in Muskogee. Brewer became ill four days ago. A quarantine was immediately established.

BALD HEADS NOT WANTED.

Baldness is Too Generally Considered a Sign of Advanced Age.

A bald-headed person does not have an equal chance with one blessed with a healthy head of hair, because baldness is too generally accepted as an indication of age. Many large corporations have established an age limit, and refuse to take men over 35 years of age as new employees.

Probably 65% of bald-headed people may regain a good head of healthy hair if they will follow our advice and accept our offer. We have a remedy that we positively guarantee to grow hair on any head, unless the roots of the hair are entirely dead, their follicles closed, and the scalp has become glazed and shiny. We want people to try this remedy at our risk, with the distinct understanding that unless it does exactly what we claim it will, and gives satisfaction in every respect, we shall make no charge for the remedy used during the trial.

We know exactly what we are talking about, and with this offer back of our statements no one should scoff, doubt our word, or hesitate to put our remedy to an actual test.

We want every one who is suffering from any scalp or hair trouble, dandruff, falling hair, or baldness to try our Rexall "33" Hair Tonic. We want them to use it regularly—say until three bottles have been used—and if it does not eradicate dandruff, cleanse and refresh the scalp, tighten the hair in its roots, and grow new hair, we will return every cent paid us for the remedy for the mere asking. There is no formality expected, and we exact no obligation from the user whatever.

We make this offer with a full understanding that our business success entirely depends upon the sort of treatment we accord our customers, and we would not dare make the above offer unless we were positively certain that we could substantiate it in every particular. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store.

The Rexall Store, 113 North Main Street.

VOLUME 2.

MARYVILLE, MISSOURI, FRIDAY, JAN. 26, 1912.

NO. 203.

DATE WAS CHANGED

COUNTY COMMITTEE MEETING CALLED FOR MONDAY.

STATE CHAIRMAN HERE

J. B. Shannon and Ex-Gov. Dockery Will Meet With Local Democrats for Conference.

The county committee will meet in Maryville on Monday, or the same day Joseph B. Shannon of Kansas City, chairman of the state Democratic committee and Ex-Governor A. M. Dockery will be here for a conference meeting with the Democrats of the county. Chairman Arthur Robey had called a meeting of the committee for Saturday, but announced Friday that he changed the date for Monday so the county organization would be here for the conference meeting.

The purpose of Shannon and Dockery coming at this time is to arouse interest in the coming state campaign and to discuss organization work. Funds will also be raised with which to carry on the next state campaign. This is the first political meeting this year of the Democrats, and it is hoped that a number of them over the county will attend.

Mr. Shannon and Mr. Dockery will be guests at a dinner Monday noon to be given at the Linville hotel by the county committee. The meeting in the court house will begin at 1 o'clock, and Shannon and Dockery will make speeches.

At the county committee meeting Monday plans will be arranged for the purpose of selecting delegates to the state convention at Joplin on February 29, when delegates will be selected to the national convention to be held at Baltimore. It is thought that a majority of the committee are in favor of holding a county-wide primary.

The Clark men in Maryville are strongly in favor of a primary and think that Folk's and Clark's names should be on the ballot instead of having all of the presidential candidates. The Folk men here have been in favor of a county-wide primary from the start.

Paul Sisson, who represented the Maryville Commercial club at the state federation of commercial clubs at Jefferson City Tuesday and Wednesday, returned Thursday evening. Mr. Sisson said the meeting was largely attended and nearly all of the big towns in the state were represented. Mr. Sisson says:

"Great interest was taken in the meeting, considering that it was the first one, and the federation can accomplish a great deal of good for the state. The slogan of the organization is 'A Bigger Missouri.'"

CLUB WILL BANQUET

A GREAT SPREAD FOR COMMERCIAL CLUB IN FEBRUARY.

WILL TALK ON BANKING

Geo. A. Mahan and J. N. Fining Are for Sound Banking System and Will Expound Their Views.

Plans for the Commercial club banquet to be held on the evening of Tuesday, February 13, have been arranged by the committee, composed of Nic Sturm, F. G. Shoemaker and Charles McNeal. The affair will be held in the Elks club house, and speeches will be delivered in the lodge room, while the dinner will be given in the basement of the club. The speaking will commence at 8 o'clock, and dinner at 10 o'clock.

Speeches are to be given by George A. Mahan of Hannibal and J. N. Fining of St. Louis, president and secretary respectively of the State National Citizens' league, who will talk for the promotion of a sound banking system; R. T. Forbes, president of the Commercial club of St. Joseph, and by Prof. C. B. Hutchison and Prof. E. A. Trowbridge of the state agricultural college at Columbia. Several others from St. Joseph will also attend the affair.

The affair promises to be one of the best yet given by the Commercial club, and every member should attend.

Health of Community Good.

Maryville physicians are complaining that Maryville and surrounding country is suffering from an unusually fine degree of health for this season of the year. Our older physicians say that the general health has not been so good in twenty-five years. The attendance on our schools has not been affected by the extreme cold weather, even, and the threatened lack of coal at the State Normal did not affect the attendance there, and there has not been a case of sickness. Some of the classes on the coldest days had an attendance of sixty-five, with only one absent the coldest day.

Talked on Phrenology.

Prof. J. A. Lesh gave a very interesting talk at the Normal chapel Friday morning on the subject of phrenology.

Although Prof. Lesh made no personal examination of the heads of any of those present, he pointed out to them the location of the bumps on the back of the head that would signify whether or not one had the qualifications of a teacher.

Prof. Lesh made no assertions as to the truth of phrenology, but his reasoning was quite plausible, and his different illustrations were a source of amusement to the students and faculty.

Returning From Oklahoma.

Mrs. Lavencour Michau went to St. Joseph Friday morning to spend the day with Mrs. Eugene Michau. She expects to be accompanied home Friday night by Mr. and Mrs. Ferdinand Townsend, who are on their way home from their three weeks' trip to Oklahoma points.

Attended Funeral Services.

Mr. Paul Ream of Kansas City and Mr. Miles G. Saunders of Pueblo, Col., who came to Maryville Wednesday to attend the funeral services of their mother-in-law, Mrs. Joseph Jackson, Sr., left for their homes Thursday evening.

Mrs. Harry Culbertson of Arkoe, who has been visiting her sister, Miss Hattie Patterson of the Pickering schools, and with Mrs. J. R. Heryford came to Maryville Thursday evening to visit Mr. and Mrs. Nicholas York of South Davis street.

AN OUTLINE OF WORK

PROF. TROWBRIDGE TELLS OF THE BRANCH SHORT COURSE.

DIVIDED IN TWO PARTS

Lectures and Demonstrations comprise Program—Farmers Asked to Supply Stock for Judging.

An outline of the work in animal husbandry for the branch short course at Maryville during the week of February 12 to 16 was given by Prof. E. A. Trowbridge of the state agricultural college at Columbia.

The course will consist partly of lectures and partly of demonstrations. It is the object of the demonstration work in animal husbandry to acquaint the students with the points of excellence of the various breeds and market qualifications and classes of animals. The extent to which it may be done is dependent upon the live stock available.

Prof. Trowbridge says: "Animals to be of service in demonstration work must be well broken to handle in case of cattle and horses and accustomed to being handled in case of sheep and hogs. It is necessary that they be in good condition as regards flesh and health."

"It is desirable to devote one day to each class of live stock, namely cattle, horses, sheep and swine, unless other arrangements are made. The animals for each day's work should consist of four or five animals of same class, breed, age, sex, condition and as uniform in every respect as possible."

"I would suggest that farmers interested take up the matter of supplying live stock, through the management of the course."

An outline of the work of this department as given by Prof. Trowbridge, who will be one of the lecturers at the course in Maryville follows:

First Day.

Lecture—Feeding Live Stock. This lecture will deal with the composition of foodstuffs, the requirements of animals and the fundamental value of live stock farming operations and the possibility of economy in feeding.

Demonstration—A study of rations and the requirements of animals, a study of the methods of estimating kinds and amounts of foodstuffs for profitable feeding operations.

Second Day.

Lecture—Silage and Live Stock Feeding. This lecture will deal with the use of silage as a farm feed in connection with other feeds for the maintenance, growth, meat production, milk production and labor of farm animals.

Demonstration—Judging Beef Cattle. A study of the form of market requirements of beef cattle, of the requirements of the feeder and type that suits the market best.

Third Day.

Lecture—Forage Crops for Swine. A study of the relative value of various Missouri grown forage crops, such as clover, alfalfa, rape, blue grass, etc., when fed in connection with corn for the economical production of work.

Demonstration—Judging Swine. A study of the type of hog which is profitable to the packer, feeder and breeder.

Fourth Day.

W. O. W. Banquet.

The annual banquet given by the Woodmen of the World Thursday night was very successful. There were fully 200 banqueters present and music and games were the amusements. A handsome cake was voted to the most popular lady present. Mrs. Roy Martin and Miss Emma LaVelle tied for that honor and settled the matter by cutting the cake in two.

Entertained at High Five.

Scott of South Depot street entertained informally at high five Wednesday night for their daughter, Mrs. Anna Vance, who left Thursday evening for St. Louis, after a several weeks' visit with them. Miss Kate Merrigan won the lady's prize and Mr. Floyd Miller the gentleman's prize. Mrs. Vance will be employed by the Gales-Stroh millinery house of St. Louis the coming season.

Card and Domino Party at Elks.

One of the most successful parties yet given at the Elks club was the one given Thursday evening to the members and their lady friends. Six-hand euchre and dominoes were played. Mrs. Lawler won the lady's prize and cards and Eldon Irvin the gentleman's prize. At dominoes Mrs. M. J. Honnold won the lady's prize and Lawrence Schumacher the gentleman's prize. Supper was served in the basement after the games, and after supper dancing was enjoyed. Glenn Goff furnishing the music for the occasion. There were 130 present at the party. The committee in charge of the affair were Conrad Yehle, Earl Barnmann and Dr. E. C. Branigan.

Her Speech Poetic.

Things go awry in the social column, you have no doubt noticed, as they do in other places. When the Shakespearean's presented flowers to Mrs. G. B. Holmes the other day because it was her birthday anniversary, the words of the speaker, Mrs. Anderson Craig, came forth in the following rhythmic flow (which were unintentionally omitted):

There is a saying, tried and true, I've heard it often, haven't you? 'Tis quoted more than any other: What is home without a mother? So in our little circle here, While not forgetting, never fear— Still we all say, tho' far she roams, We mothers miss as much the Holmes. How many mothers, kind and good, To make their rulings understood, While patient, lovely, meek and mild, Have used a rod to train a child. So tho' our Holmes be far from poor, Tho' want has never crossed the door, Still when rich gleamings she would drab

Into our brains, she gets the "club," And with its aid we all learn much Of Holy Grail, the klugs and such. Now dearest friends, there's one friend here,

The one you know we all hold dear. Full half a century has passed away— We celebrate the time today— Since a wee darling came to bless, And bring a home this happiness. We're glad she came, and stayed there, too,

Until to womanhood she grew. Then left with love and joyousness And went, some other Holmes to bless. Well, well; she's reached the summit now. And to the inevitable must bow.

As down the great incline she speeds, Her path all marked by gracious deeds. Till, when her Master bids her rest, Many will rise and call her best. Yet to the closing of her day May flowers like these bestrew her way,

So by this club this toast is given: We drink to Mothers, Holmes and Heaven.

MONDAY "CARNATION" DAY.

January 29 Anniversary of President McKinley's Birth.

Next Monday, January 29, is carnation day, so designated because it is the anniversary of the birth of President William McKinley, and the carnation was his favorite flower. A carnation displayed on a lady's muff or on the lapel of a man's coat will indicate a thought of the service of the martyred president to the country.

During his life in Washington Mr. Kinley was almost invariably seen with a carnation, usually white, on the lapel of his coat. So great was his admiration for the flower that after his death congress set aside the day and expressed the wish that it be observed in this way.

Ellison to St. Joseph.

Judge W. C. Ellison went to St. Joseph Friday to sit as special judge in the criminal court in that city in a number of cases.

BRYAN AS MEDIATOR

FAILED TO BRING THE WARRING FORCES TOGETHER.

FOR DIVIDED DELEGATION

Clark Leaders Rejected Proposal of Mr. Bryan That Number of Delegates to Convention Be Divided.

William Jennings Bryan failed yesterday as a mediator to settle the Clark-Folk row in Missouri. The Nebraska was in St. Louis conferring with representatives of the warring Democratic factions in an effort to restore harmony.

He proposed that both sides agree to a suggestion that Clark and Folk split the Missouri delegation to the national convention with the agreement that the one who showed the least strength on the first ballot there would withdraw. The Clark leaders absolutely refused to agree to that, saying they had no authority from the people to make such a deal.

Bryan first conferred at union station with former Gov. Joseph W. Folk, former Congressman W. D. Vandiver, Folk faction candidate for governor, and Nelson W. McLeod, a Folk supporter. Later he conferred with former Judge Virgil Rule and John C. Roberts, supporters of Clark.

A statement issued tonight from the Clark headquarters emphatically declares the Clark forces will not consent to a division of the state delegation.

Lon Sanders, Folk's campaign manager, said tonight: "I know nothing about the Clark statement, but I do know that from reports we have from out in the state we have this fight won."

That Bryan should take such deep interest in the attempt to harmonize Missouri Democracy caused considerable comment. Some profess to see a Wilson significance to his visit. It is pointed out that Edward F. Galtro, multi-millionaire and close friend of Bryan and Woodrow Wilson, recently elected national committeeman for Missouri by the anti-Folk faction, is suspected of his fealty to the Clark faction, which is grooming ex-Governor Dockery for election as national committeeman to succeed Galtro at the state convention.

BETHANY MAN ENTERS RAYENWOOD HOME IN NIGHT.

NOW CONFINED IN JAIL

After Being Ejected From Winter Home Needham Was Arrested and Brought Here.

W. B. Needham, who claims his home at Bethany, Mo., was arrested Friday morning and brought to the county jail by Sheriff Tilson on a charge of disturbing the peace. The prosecuting witness is O. T. Winters, who lives near Rayenwood.

According to Mr. Winters' story, Needham gained entrance to his home about 4 o'clock Friday morning and awoke the members of the household. Winters found Needham in the kitchen and told him to get out, to which Needham replied that if he would come out he would take a shot at him. Finally Needham was ejected from the house. Nothing was taken from the house, so Mr. Winters said.

Needham, it is said, is traveling for a poultry food house and was in an intoxicated condition Thursday night. On entering the Winters place he left his horse and buggy out in the middle of the road. He is about 55 years old. His case will come up at the February term of circuit court.

The committeemen of the organization from Jefferson township were named Friday, they being George Massengee and John Bogart.

SECRETARY KNOX HAS EXPLAINED

After Defying House Committee, Tells of \$20,000 Fund.

WENT FOR WINE AND FLOWERS

Says Mistake Was Made in Recording Expenditures as Part of Secret Fund—Vouchers Cover Entire Amount.

Washington, Jan. 26.—One gorgeous dinner at \$10 per cover for the elite; a fifty-cent luncheon for ordinary members of the legislature; cocktails, wines, traveling expenses and a bouquet of lilies of the valley for the wife of the postmaster general of Canada, accounted for every penny of the mysterious \$20,000 fund appropriated in 1909 for government participation in the now famous celebration at Lake Champlain.

After defiant protests for nearly a week, Secretary Knox, under subpoena, appeared before the House committee on expenditures for the State department and laid bare vouchers covering the entire expenditure. Also he announced that a mistake had been made when these expenditures had been recorded as part of a secret fund. This was done, he said, under the direction of Assistant Secretaries Adee and Hale and he promised voluntarily that at least during his administration it never should occur again.

Dinner Cost \$9,444.68.

A dinner for 300 guests was given at the Hotel Champlain July 13, 1909. President Taft was there traveling on his own funds. But the commissioners wanted Senator Root so badly that they paid his fare and Pullman charges of \$29.80 from Washington. Ambassador Bryce paid his own fare, \$4.20, but was subsequently reimbursed. Altogether the hotel accommodations and dinner cost \$9,444.68, or nearly half the government appropriation.

Scattered through the list of vouchers explaining the expenditure of the remaining \$10,000, are many items of cocktails, wines, luncheons, dinners, traveling expenses and freight charges to and from Lake Champlain. It does not appear that any lady other than the wife of the postmaster general of Canada was honored by the receipt of a bouquet.

Loose Practices.

Governor Prouty of Vermont, in approving the expenditures, appends a foot note in which he explains that he thought it best to let the New York commission take charge of the fund. The New York commission included several senators, and when they had completed the last expenditures, not a penny of the \$20,000 remained.

"Loose practices have existed at times in conducting the secret or emergency fund," admitted Secretary Knox. "Your investigation directed my attention to the abuse. I think a few expenditures should not be made public. Some, of course, must not be."

DISCUSS CHILD LABOR PROBLEM

Delegates From All Over U. S. Attend Eighth Annual Conference at Louisville.

Louisville, Ky., Jan. 25.—Delegates from the child labor committees of almost every state in the Union are here attending the eighth annual conference on child labor, which opened last evening under the auspices of the National Child Labor committee. Morning, afternoon and evening sessions will be held today and tomorrow, and the conference will come to a close Sunday afternoon with a monster mass meeting, which will be presided over by ex-Governor Wilson of Kentucky. The subject for discussion at this meeting will be "The American Child Exploitation vs. Education," and on the program are Senator William E. Borah of Idaho, John Mitchell, former president of the United Mine Workers of America; Dr. E. T. Devine of New York, and P. P. Clayton, U. S. commissioner of education.

Claims Missouri Estate.

Fulton, Mo., Jan. 25.—Mrs. Winnie A. King of Marble City, Okla., is the latest claimant of the estate of Hugh Smith, valued at \$10,000. Mrs. King claims she is a daughter of Smith, although during his long residence in Callaway county he was regarded as a bachelor. She says the family formerly lived in St. Louis county, and that her mother died there in 1855. Mrs. Smith says she is the only living child and relative.

Mrs. J. C. Edgerton and daughter, Miss Artilla, returned to their home in Clarinda Thursday, after a visit with her daughter, Miss Catherine Edgerton, at the home of Mr. and Mrs. Ben Reichert, near Maryville.

LIKE ANOTHER KIMMEL CASE

MISSOURI COURT TO HEAR STORY OF MYSTERY.

Creditor Will Try to Collect Insurance on Life of Man Gone Seven Years.

Paris, Mo., Jan. 26.—On January 14, 1905, J. H. Reynolds, a young attorney of Paris, left here for Jefferson City to argue a case before the supreme court and was never heard from afterwards except through unreliable sources.

An investigation showed him to be a defaulter and forger to the amount of \$2,500 and he was indicted. All efforts to find him failed.

Among the creditors was P. G. Marr of Paris, from whom he borrowed \$250, giving as security a Phoenix Mutual Life insurance policy for \$2,000.

The statutes provide that an absence from home for seven years shall constitute proof of death in such cases, and that the policy must be paid unless the policy holder is produced in court. Preliminary steps have just been taken in probate court here to collect the amount of the policy and bring the matter to a test.

The hearing will be before Judge Barnes on March 14 and the remainder of the policy after the debt of \$250 and interest has been paid will go to Reynolds' wife and two children.

Upon the insurance company will rest the burden of proving that Reynolds is alive.

MONEY FOR MANHATTAN COLLEGE

Gift of \$20,000 Makes New Dormitory for Agricultural School a Possibility.

Manhattan, Kan., Jan. 26.—Twenty thousand dollars has come to the agricultural college from an unexpected source. President Waters was notified by the Old Colony Trust company of Boston that that amount had been willed the college by Mrs. Mehtabel C. C. Wilson.

The money is meant for a building to be erected under the direction of the regents, to be known as Wilson Hall, or may be added to the present endowment fund of the college, as the regents may desire.

It is more than likely that a dormitory for girls will be suggested by the regents, although the will makes it possible to use the money for any building called Wilson Hall. It might, for instance, be used for a thoroughly modern restaurant, which is already being planned for student use.

Mrs. Wilson died only recently. She was the widow of Davies Wilson, an owner of much of the original site of Manhattan. The family lived in this city many years ago.

Liquor Agents for Billard.

Jolia, Kan., Jan. 26.—Resubmissionists in this county will make a fight for J. B. Billard, mayor of Topeka, for the Democratic nomination for governor. They say the nominees must pledge themselves to vote for resubmission in the legislature or a wet candidate will be placed in the field independent of either party.

Safe Blowers' Home Destroyed.

Coffeyville, Kan., Jan. 26.—A gas explosion in a four-room brick house in South Coffeyville destroyed the building. It is supposed there was a leak in the gas pipe. The house was formerly a rendezvous for a gang of safe blowers.

Russian Prison for a German.

Berlin, Jan. 26.—Dispatches from Warsaw say Capt. Werner von Stoenzer was sentenced there to three years' hard labor on a charge of espionage. He is a captain on the German general staff and a former lieutenant of the guards in Berlin.

In Memory of John Bunyan.

London, Jan. 26.—A memorial window for John Bunyan has just been unveiled in Westminster Abbey, 224 years after his death. The window illustrates scenes from "Pilgrim's Progress."

There is considerable difference between telling the other fellow how to do his work and doing it yourself.

We insist that we are not growing old, but we admit that we think more of our slippers than we used to think

If "practical politics" would make fewer strange bedfellows and more cordial business-genuine business—would be better.

The good advice a friend gives us is not needed because it costs nothing. The advice the lawyer gives us is needed because we pay a lot for it.

Your real friend never tells anybody but you about your faults—and if he tells you the chances are you will no longer consider him your friend.

It used to be that marriages were made in heaven, but judging by the prevalence of divorce it is evidence either of inattention to business or the need of a strict apprenticeship system.

We'll be getting somewhere in the solution of economic problems when

we grasp the fact that there is no such thing as "over production" of good things. Our trouble is under consumption.—The Commoner.

A LIFE SENTENCE FOR BEN CRAVENS

Claim That He Was Charles Maust Fails to Save Him.

A CRIMINAL FOR TWENTY YEARS

Last of Oklahoma's Frontier Days Outlaws Will Die in Prison—Is 50 Years Old, But Still Dangerous.

Guthrie, Okla., Jan. 26.—Charles Maust, the former Missouri state convict, is Ben Cravens, the former Oklahoma outlaw, and he is guilty of the murder of Alvin Bateman at Red Rock, Ok., March 18, 1901. That is the verdict of the jury to which the case was given at noon. The penalty is life imprisonment at hard labor. He probably will be sent to Leavenworth, where his partner, Bert Welty, is serving a life sentence.

The last of the Oklahoma outlaws will be arraigned Monday morning at 9 o'clock for sentence.

The Prosecutor Collapsed. The United States attorney, John Embury, went home to bed immediately after the case went to the jury at noon. Embury, unknown to all except his closest friends, had been ill for several days and collapsed after the trial. He spoke at the trial for two hours.

Cravens escaped from the Lansing, Kan., penitentiary November 16, 1900. He was serving a 20 year sentence for highway robbery, committed at Elgin, Kan. In January of 1901 he visited the Welty farm in Kingfisher county and induced Bert Welty, whom he had known in the Lansing prison, to join him. At Red Rock they robbed an Indian trading place in the Otco country and killed the manager, Bateman, who also was assistant postmaster.

In the fight Cravens mistook Welty for a pursuer and shot him, leaving him to die on the prairie. Welty crawled fifteen miles to the home of a friend, where he was captured the next day. Cravens, in escaping, killed a deputy marshal, Tom Johnson, of Pawnee county. Numerous attempts have been made since to capture Cravens, but all failed until early last year.

Detected Through a Barber.

A barber in the Missouri penitentiary informed an officer that a convict called Charles Maust was known in the Kansas prison as Ben Cravens and that he had shaved him there. That led to an investigation. Maust was identified as Cravens and was brought to the federal jail here to stand trial for the Red Rock murder. He declared he was not Cravens and on that ground only fought the case.

He has been a desperate man for twenty years. He escaped from the county jail at Topeka and the Potawatomi county jail at Tecumseh, Ok. When arrested as Maust he attempted a jail break at Mound City, Mo. He is 50 years old.

CONNAUGHT BECOMES ENGINEER

Duke Rides in Cab and Handles Throttle of Locomotive on Special Train.

New York, Jan. 26.—The Duke of Connaught, uncle of King George of England, rode in the cab of an electric locomotive the first eleven miles of his trip to Washington. He was on his way to be presented to President Taft.

The duke abandoned his private car Signet for the cab just before the train started and rode beside the engineer under the Hudson and across the New Jersey meadows to Manhattan Transfer, eleven miles out. There a steam locomotive replaced the electric engine and the duke re-entered his private car.

Wreck News Held Out.

Washington, Jan. 26.—Charges that the postmaster general and other postal officials suppress facts and misinform Congress as to the safety of the lives of clerks in the railway mail service were made before the House committee on postoffices by Urban A. Walter of Denver, formerly a railway mail clerk and editor of a postal journal.

Miners Adopt Recall.

Indianapolis, Ind., Jan. 26.—Recall of officials of the United Mine Workers of America is provided in a constitutional amendment just adopted by the miners' convention. Ten per cent of the membership may initiate a recall and on petition of 30 per cent an election shall be held. Attempts by some of the leaders to reduce the percentage failed.

Meningitis Fatal at Muskogee.

Muskogee, Ok., Jan. 26.—Hugh Brewer died here and a post mortem examination showed spinal meningitis, the first case in Muskogee. Brewer became ill four days ago. A quarantine was immediately established.

Its Capital Ten Millions.

Jefferson City, Jan. 26.—The Kansas City, Clay County & St. Joseph Railway company filed a statement with the department of state increasing its capital stock from \$720,000 to \$10,000,000.

BALD HEADS NOT WANTED.

Baldness Is Too Generally Considered a Sign of Advanced Age.

A bald-headed person does not have an equal chance with one blessed with a healthy head of hair, because baldness is too generally accepted as an indication of age. Many large corporations have established an age limit, and refuse to take men over 35 years of age as new employees.

Probably 65% of bald-headed people may regain a good head of healthy hair if they will follow our advice and accept our offer. We have a remedy that we positively guarantee to grow hair on any head, unless the roots of the hair are entirely dead, their follicles closed, and the scalp has become glazed and shiny. We want people to try this remedy at our risk, with the distinct understanding that unless it does exactly what we claim it will, and gives satisfaction in every respect, we shall make no charge for the remedy used during the trial.

We know exactly what we are talking about, and with this offer back of our statements no one should scoff, doubt our word, or hesitate to put our remedy to an actual test.

We want every one who is suffering from any scalp or hair trouble, dandruff, falling hair, or baldness to try our Rexall "33" Hair Tonic. We want them to use it regularly—say until three bottles have been used—and if it does not eradicate dandruff, cleanse and refresh the scalp, tighten the hair in its roots, and grow new hair, we will return every cent paid us for the remedy for the mere asking. There is no formality expected, and we exact no obligation from the user whatever.

We make this offer with a full understanding that our business success entirely depends upon the sort of treatment we accord our customers, and we would not dare make the above offer unless we were positively certain that we could substantiate it in every particular. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store. The Orear-Henry Drug Co., 113 North Main Street.

Mr. and Mrs. Dan King went to Hopkins Thursday for a two days' visit with Mr. King's parents, Mr. and Mrs. J. D. King.
